

Sample Lesson #2

Rural Communities

You have learned that a **community** is a group that lives or works together. In a rural community, houses are far apart. There are fewer buildings than in a city or suburb. There are also few stores or businesses in a rural community. When people want to go shopping, they might drive to a suburb or a city.

1. A _____ is a group that lives or works together.
2. Many rural areas have farms because rural areas have lots of _____.
