

Sample Lesson #3

Goods and Services

Some workers make things in factories. Others work on farms. They make or grow goods. **Goods** are objects that you can see and touch. A car, a banana, and a television are examples of goods. Some workers offer a service. A **service** is what the worker does that helps other people. Teachers, dentists, and tour guides are workers who give services.

1. _____ are things you can see and touch.
2. Write the following items in the correct column in the chart below:

cutting hair

comic books

washing cars

candy bars

cleaning teeth
